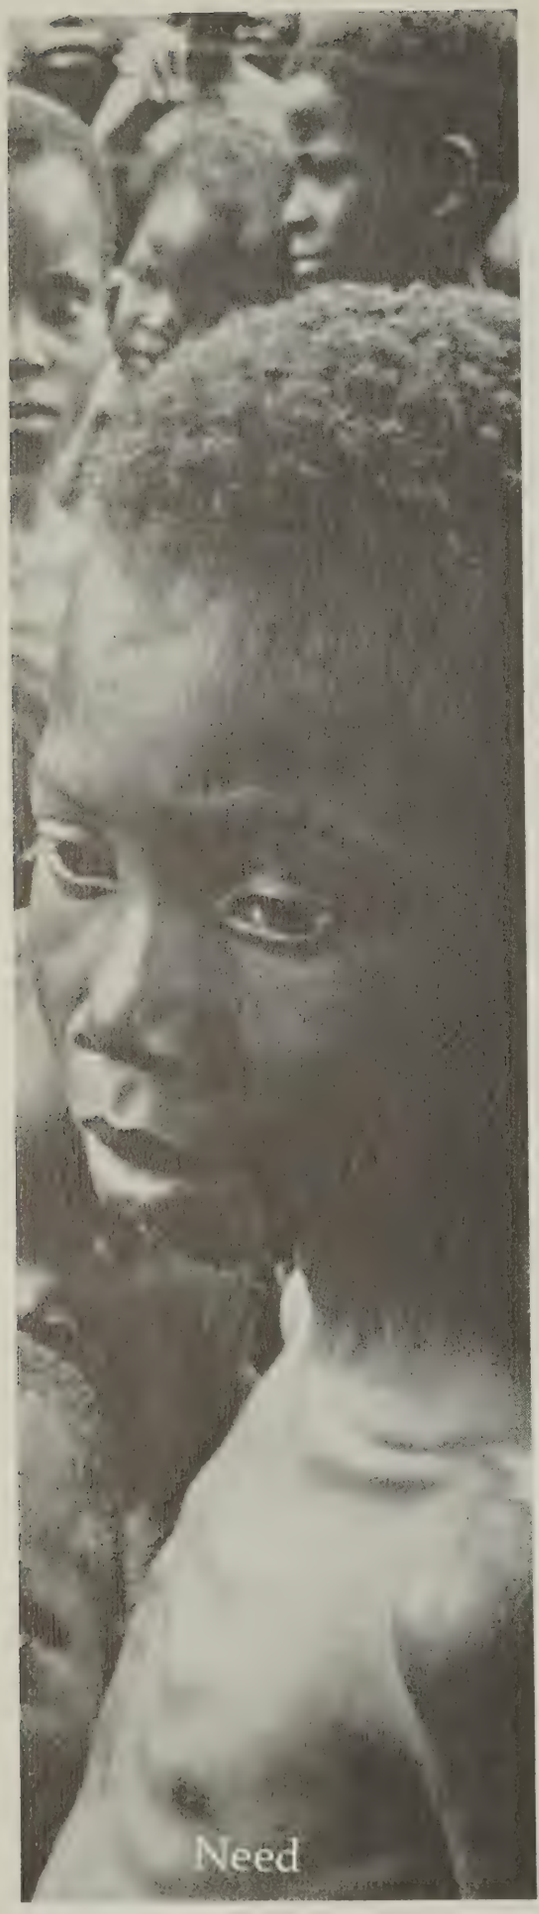
CREATIONS

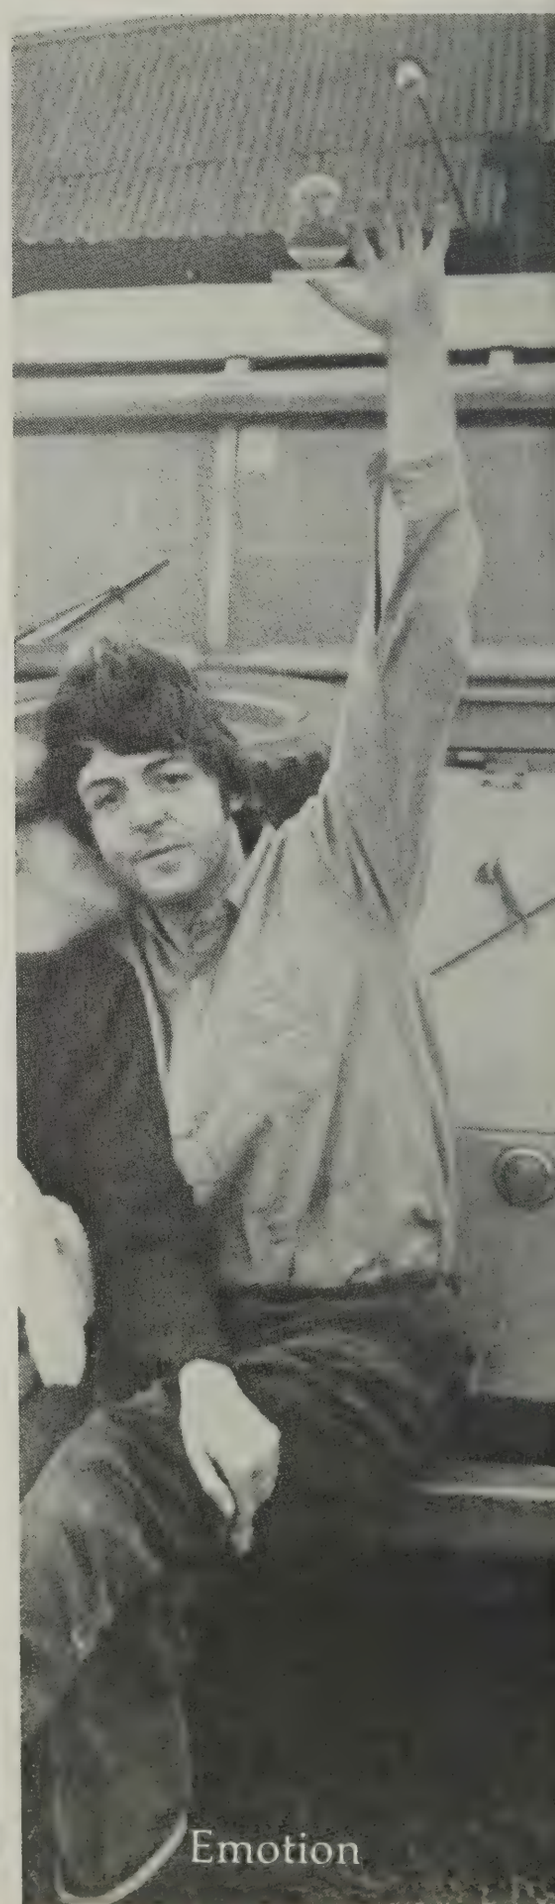
Involvement. The word's use denotes someone who cares. And, contrary to popular belief, involvement means more than giving verbal support.

But it is hard to become involved in those things which are distant and out of contact. Our closest experiences in Vietnam come in what we are told through the media. Other than these brief excursions, we are isolated from the war; its blood does not stain our clothes. Some forget war's battlefield species for its more pleasant role in the games of life. Here, violence is accepted; and as long as we survive, life is fine.

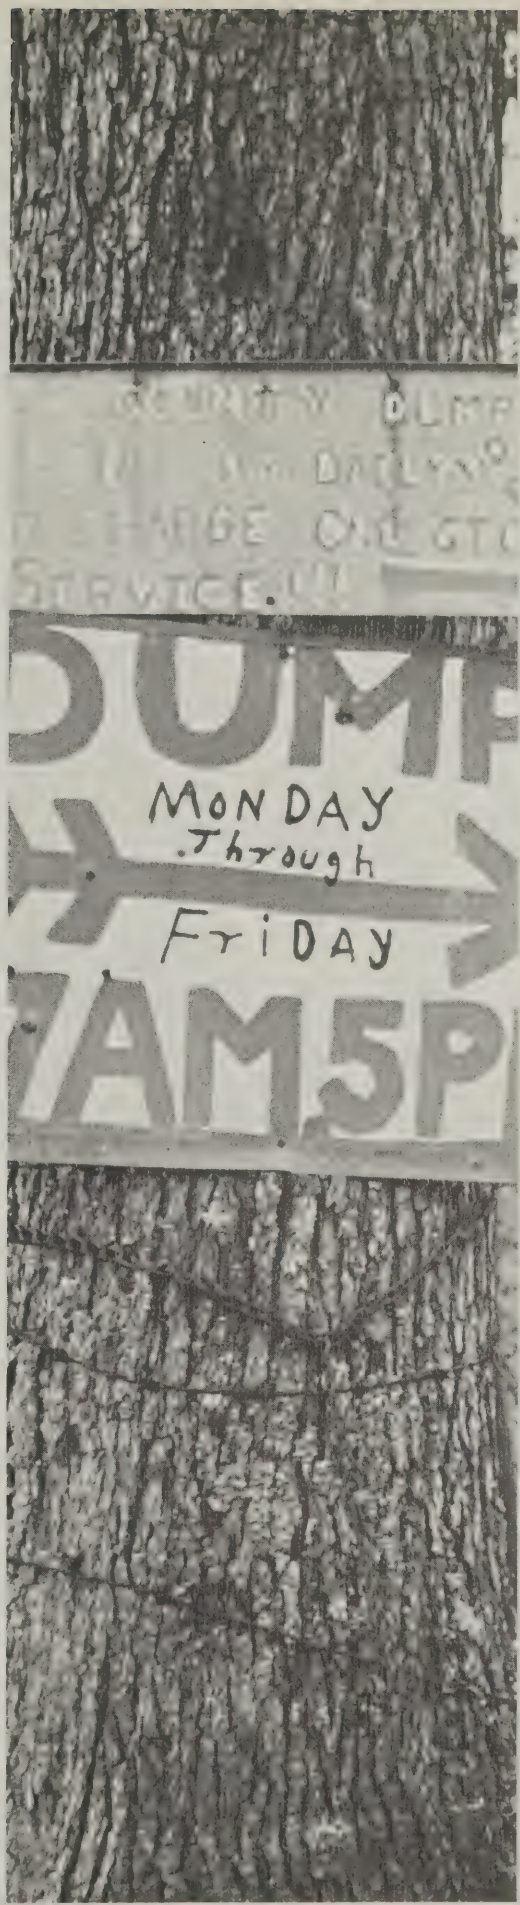


Hunger, too, is unimaginable in the midst of our abundance. Those who are comfortable are able to find one more thing to supplement their life. The greedy are busily adding to their wealth. Those with nothing would slit each other's throats for what the content throw away (or at each other).

Diversely, can there be appreciation of what man/woman relationships hold in terms of happiness? Has society's reprimands of the "mismatched" or the natural stunted the growth of honest emotions? Walls made of naivete separate those who most desperately need the comfort provided by each other.



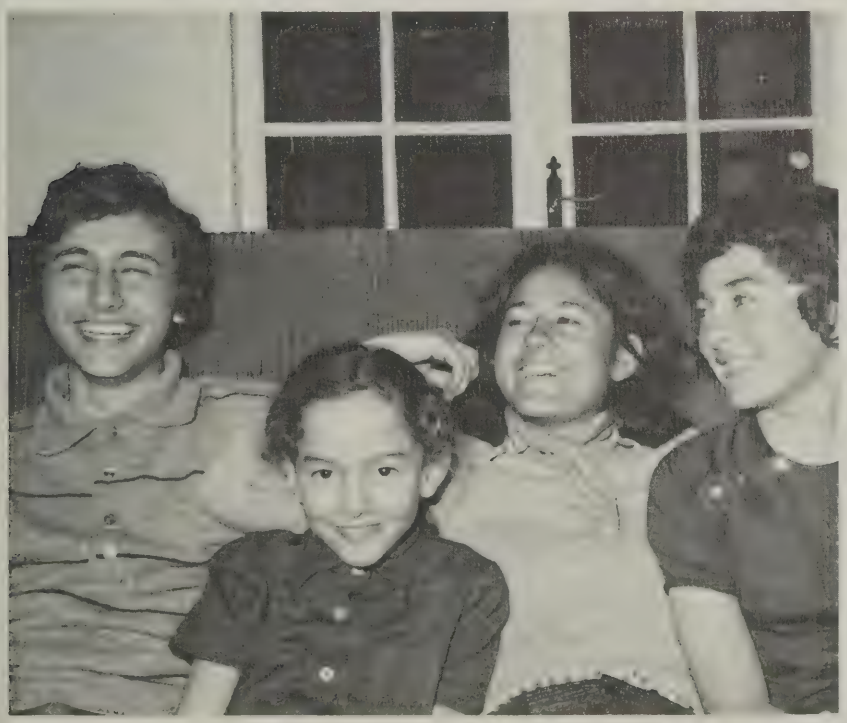
The earth is dirty — a proven fact. But what should be done? It is easy to sew an ecology flag to your jeans; it is easy to decide what Congress or the president or the oft-mentioned "they" should be



doing to clean up. Who is willing to change his lifestyle so that his society may continue? A very few are willing to sacrifice; even their efforts are lost in the refuse heap of disinterest.

Attitude

All we do is not just or correct. Everything points, however, to the goal of happiness. It may figure in bread to partially fill a stomach; happiness may stem from a third car, or an unnecessary pair of shoes. Hopefully, we will learn to avoid its most common form: the ignorance of universal existence in the interest of personal survival.



Having sent a student to France and having gained an Iranian in return, the atmosphere of HHS has become considerably more international. Ehsan Kooshesh proved to be more than an educational visitor: he was a friend, and a person more typical of our time than many others. As Essi shared his similarities and uniqueness with U.S. students, Randy Blatt presented an American portrait to the French. Reluctantly, they returned to their own countries; those who knew them for a year met the end of a valuable experience. Once minds have been opened to include the rest of the world, it is impossible to forget.

The Artist's Signature

Mrs. Carrie Showalter, art teacher here for thirty years, concluded her career in June, 1971. Artistic and creative, she has successfully assumed the important role of inspiring high school students to appreciate art in many forms.

The future will find Mrs. Showalter teaching art to adult classes and painting important locales in the Shenandoah Valley. She also plans to travel — one destination being Iceland for a family visit.

Her artistic guidance has led many to continue their creative talents in various areas. Through dedication and, primarily, through a genuine love for the arts, Mrs. Showalter has become a part of our lives at HHS.

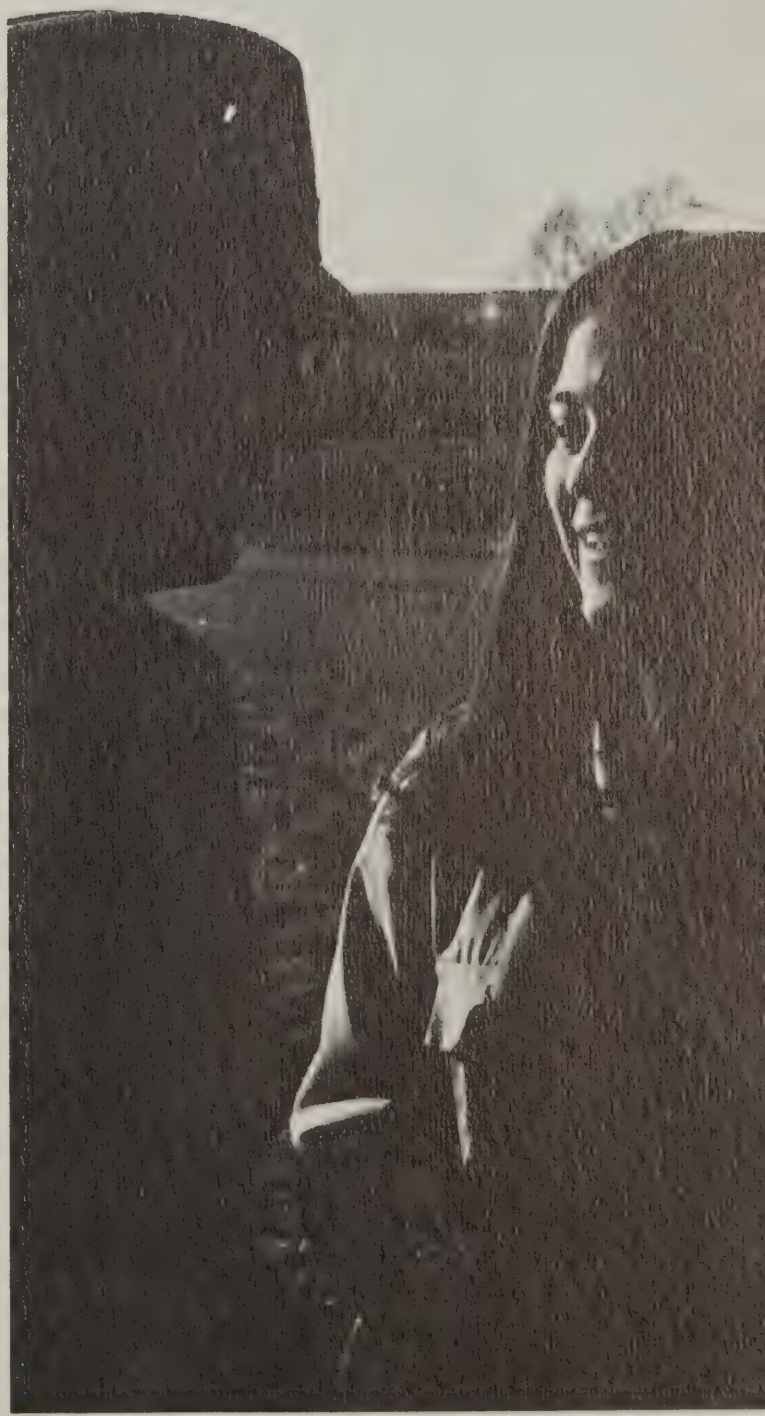
Coach Warren retired this year after 39 years of coaching the Blue Streaks. When he first arrived at HHS in 1932 he was the only coach and has since then developed the entire athletic program. During his numerous coaching days Coach Warren derived most of his pleasure from "the association with the boys and seeing them develop." He thought that winning championships was secondary in his coaching accomplishments to the influence over the boys which he had and the help he gave them to "form attitudes toward our country and opinions about life."

Coach Warren believes that sports do have advantages for young men. Among other important ones he thinks that sports help one gain "the ability to take defeat and come back and do a good job."

Although he coached seven state champion teams and two semi-state champions, he wishes to be remembered at Harrisonburg High School for having "given the incentive for young people to do good and to accomplish things by working together."



Besides the familiar sports proverb, "Winning is the only thing," the three new Harrisonburg coaches believe in one stating that "sports can give an insight into life that cannot be gained from any other activity." One coach summed up the advantages of sports for the student as "an opportunity to feel successful in doing things."

Coaches Jim Pitman, Dale Sheets and Bob Gibson believe that sports offer many advantages which greatly help in one's daily life. Wrestling coach Pitman feels that while participating in sports one "learns how to handle any new situation which might arise during a game. This helps one to handle the situations which will come up during life."

The competitiveness in sporting events enables the player to learn to "work as a team." In team sports like football or baseball, each player has a responsibility to do his job or to let the whole team down." Participation in sports, the coaches believe, "teaches the individuals to use their abilities." Coach Pitman also believes that sports helps to "dedicate yourself to something and take pride in what you are doing." Along this same line is the "desire to excel" and to work and meet challenges which one will inevitably face.

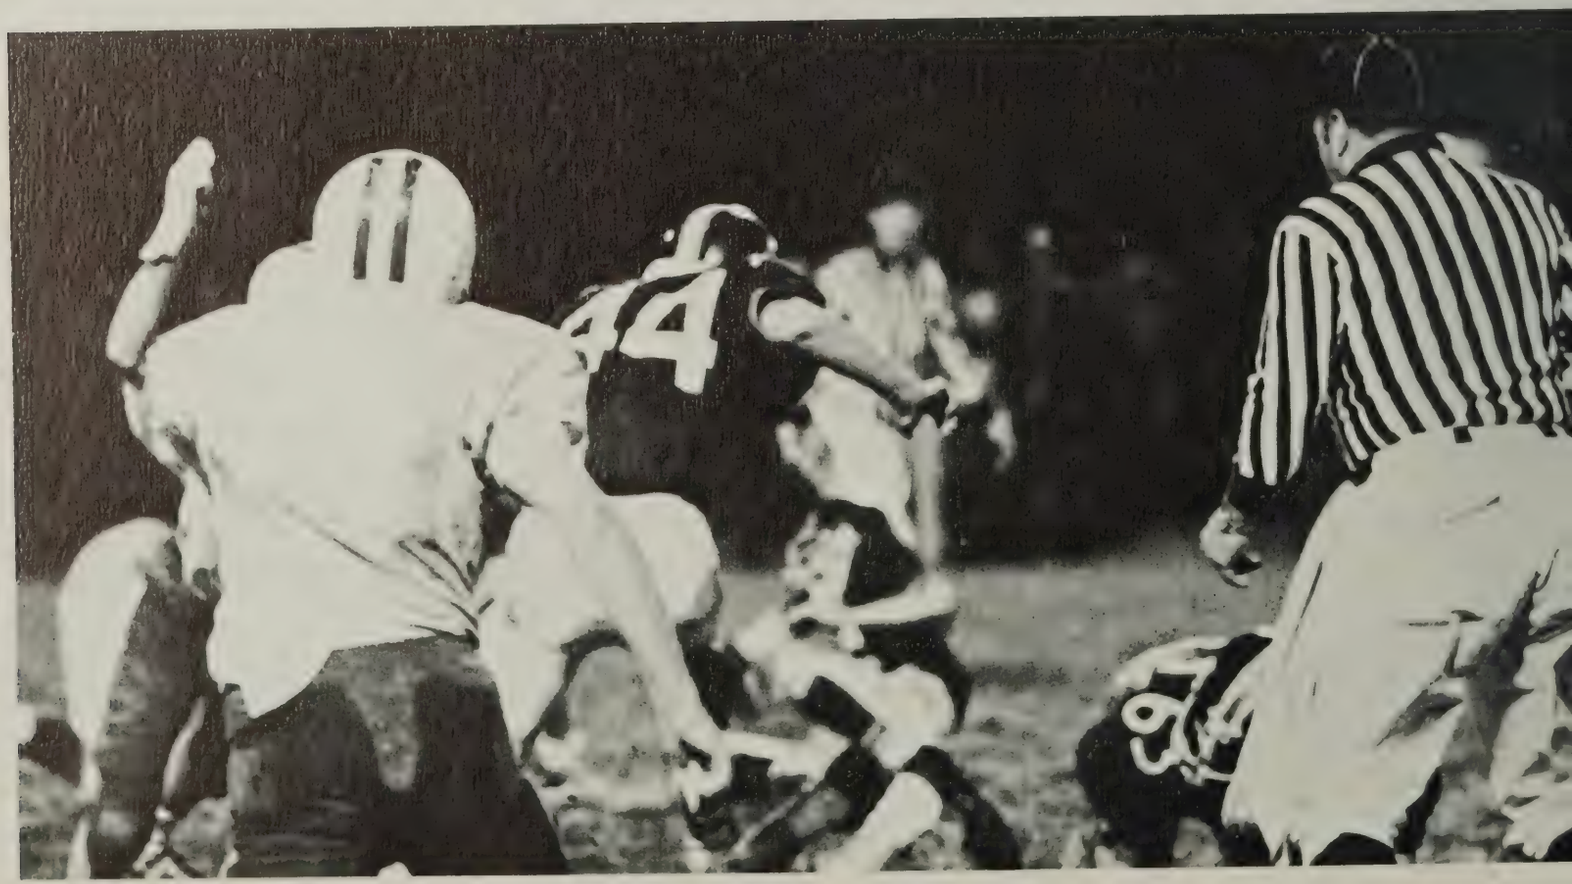
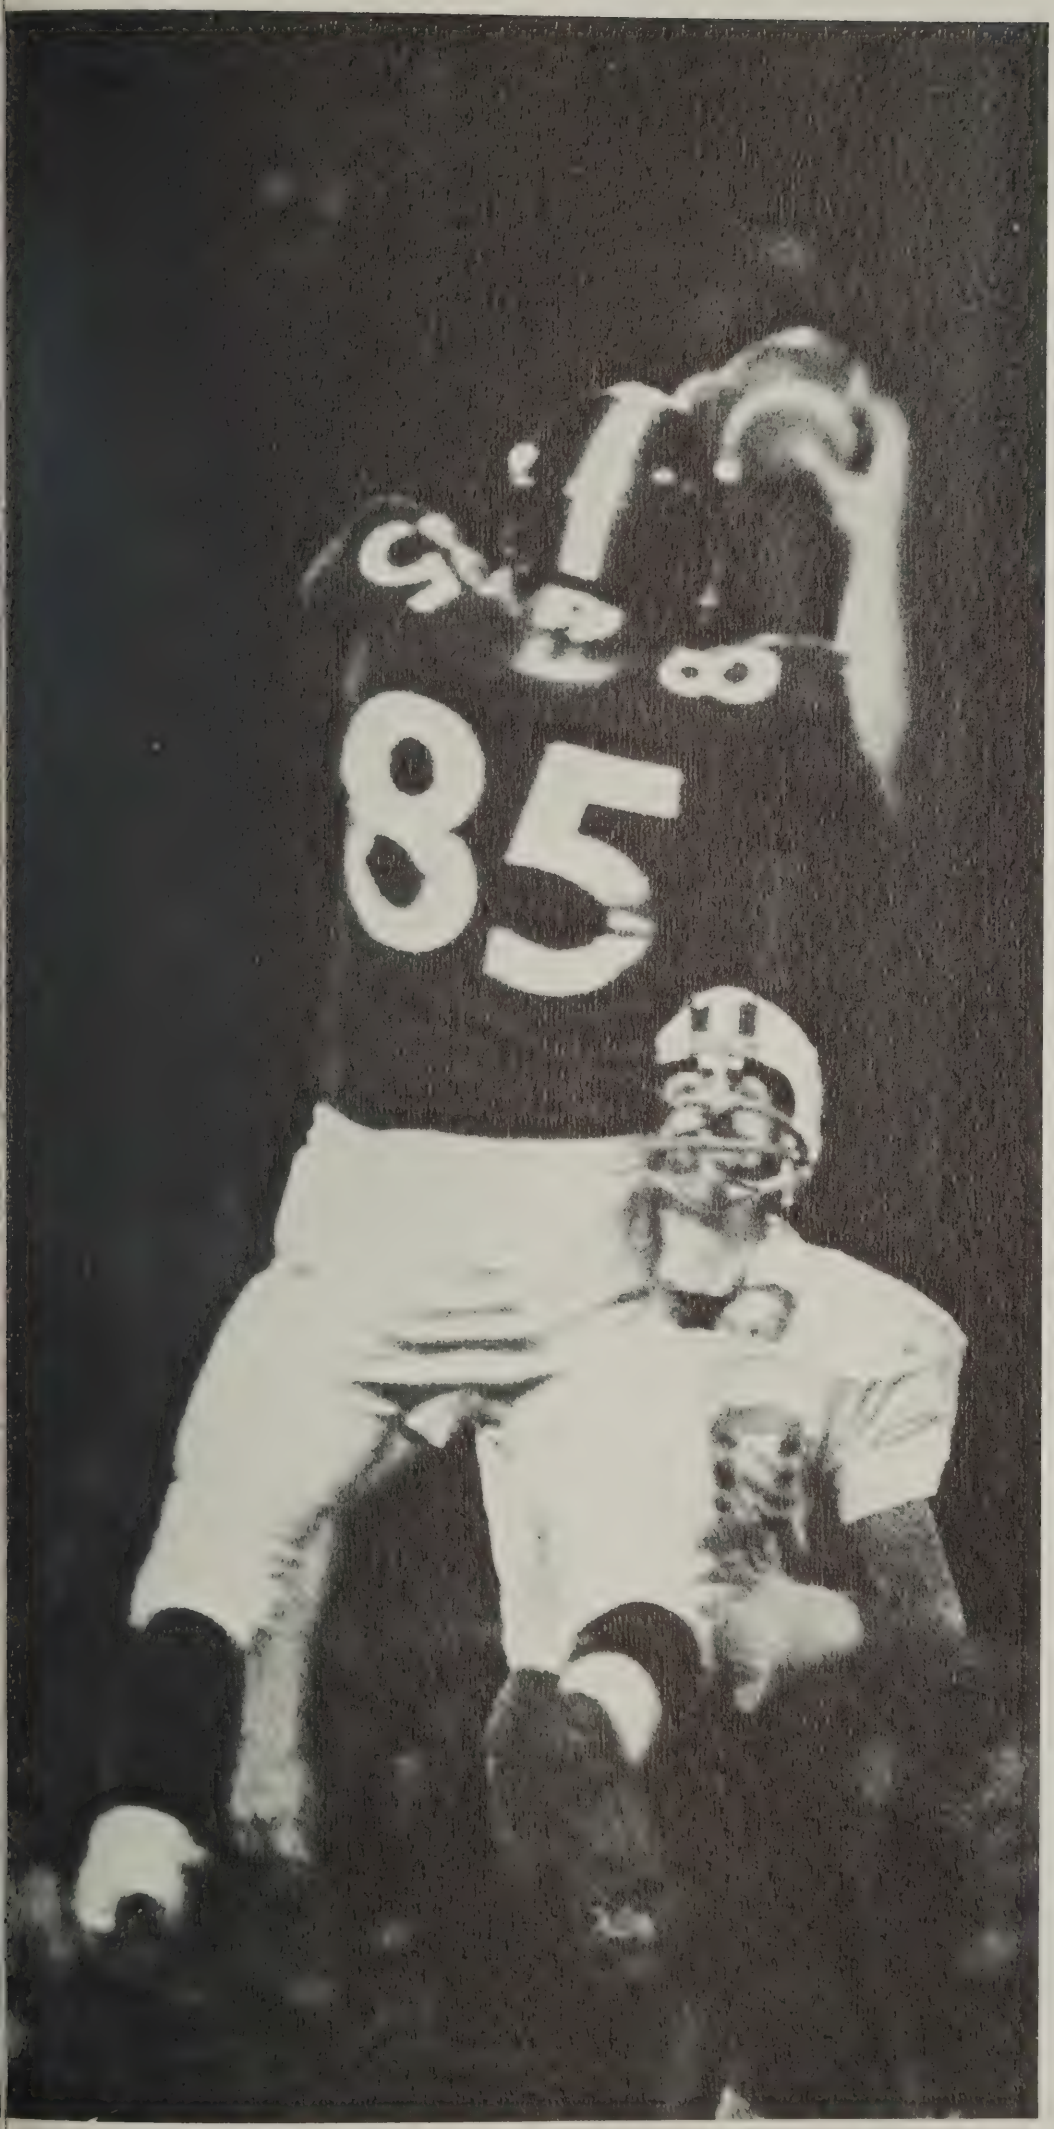
FALL SPORTS





On September 4 the football season began when the Blue Streaks met Montevideo and edged them 7-0. The game was marked by the Streaks' ability to stop the Maroons on the one yard line.

Two weeks later the sophomore football team opened their season with a 35-18 victory over Lee High. The hero of the game was Preston Green, who went into the game in the second quarter and led the team to victory. After two losses the Junior Varsity gained its first victory over Montevideo on September 22nd. Outstanding for the JVs were Ed Amos, John Sepe, and David Curro.

The cross-country team opened their second season on the 25th and placed third in the meet against Turner Ashby and Eastern Mennonite. Steve Rose, who admitted there was "real stiff competition," was the Streaks' top finisher. That night the football team met Turner Ashby in the Homecoming game. The Streaks lost 18-7 due to their inability to move the ball. It was their first loss of the season after romping over Buffalo Gap 47-0 and Riverheads 59-0.

After a loss to rival Turner Ashby the sophomores defeated Waynesboro 30-0. The defense allowed the Little Giants only three first downs during the game. Two weeks later they defeated Turner Ashby 14-13. The Streaks scored with only five seconds left in the first half to tie the score and scored again near the end of the game to win.

The cross-country team gained their first victory on the 16th over Stonewall Jackson 22-33. Later that day the Streaks upset district leader Waynesboro 13-12, a victory described by one Streak as "fantastic." Coach Cummins believed the game was "the best game the Streaks played all year."

On a very rainy October 30th, the Streaks downed powerful Broadway 7-6 in a game "fit only for ducks." A week later with a victory over Wilson Memorial the Streaks completed their first winning season in several years with a 8-2 record.

The next day the cross-country team traveled to Lexington for the district meet. They placed fifth with 99 points. Because it rained the night before one runner recalled that the course was very "muddy and slippery."

WINTER SPORTS

Winter sports opened for the Streaks early in December. In their first games of the season, both the Junior Varsity and the Varsity basketball squads took easy wins over Wilson Memorial. Later that week, the Streaks travelled to Waynesboro. In the night's first game, the Junior Varsity slipped by Waynesboro 53-43. After this victory, the team pledged "not to let any team score over fifty points against us" — a pledge that was kept throughout the entire season. The outstanding player for the JV's was guard John Nardi, who scored 19 points in the come-from-behind victory. Later, in the varsity game, the Streaks lost 44-40; Coach Erb believed that it was "one of our best defensive games."

Two weeks later in another fine offensive showing, the Junior Varsity defeated Lexington 60-43. Coach Morris remembered the game as one of their best offensive games, with both Larry Ludholtz and Bill Mauzy scoring 10 points and John Nardi finishing the game with 18.

Just before Christmas, the Streaks met another district power — Broadway. The Streaks led through part of the game, but Broadway changed to a press which "killed us." They stole nine straight Streak passes, and the Streaks ended up on the short end, 54-43.

Following the Christmas break, the JV's came back raring to go. In their first game they overwhelmed Stuarts Draft 68-12, with their "exploding offense."

On January 21st, the indoor track team began its second season. Despite a lack of depth, the Streaks finished fifth out of eleven teams at the meet held in Lexington. The top performers for HHS were Steve Rose, Bruce Bontz, and Walt Markey. In their second meet on January 29th, the Blue Streaks finished seventh out of twelve teams by scoring only 11 points.

Wrestling, which has been described as a "cool sport," premiered this year at HHS. On February 3rd, after four losses, the Streaks defeated Strasburg 28-19 for their first and "greatest" victory. Later, on the 15th, the wrestling team avenged an earlier loss to Fishburne Military Academy in a 24-19 victory.

On February 19th, the greatly improved Varsity Streaks almost ruined Turner Ashby's undefeated record. Sophomore Jim Thomas led the Streaks in their exciting season's finale with twenty points. The Streaks completed the season with a 10-8 record and finished fourth in the new district.

On Tuesday night, the Valley District playoffs opened at the University of Virginia's University Hall. After having trailed most of the game, the Streaks made an unbelievable comeback; they tied the score and went five points ahead, overcoming a 17 point margin. The varsity team triumphed through the efforts of three sophomores, a freshman, and a junior; but Stuarts Draft pushed away a possible victory with a 66-65 score.

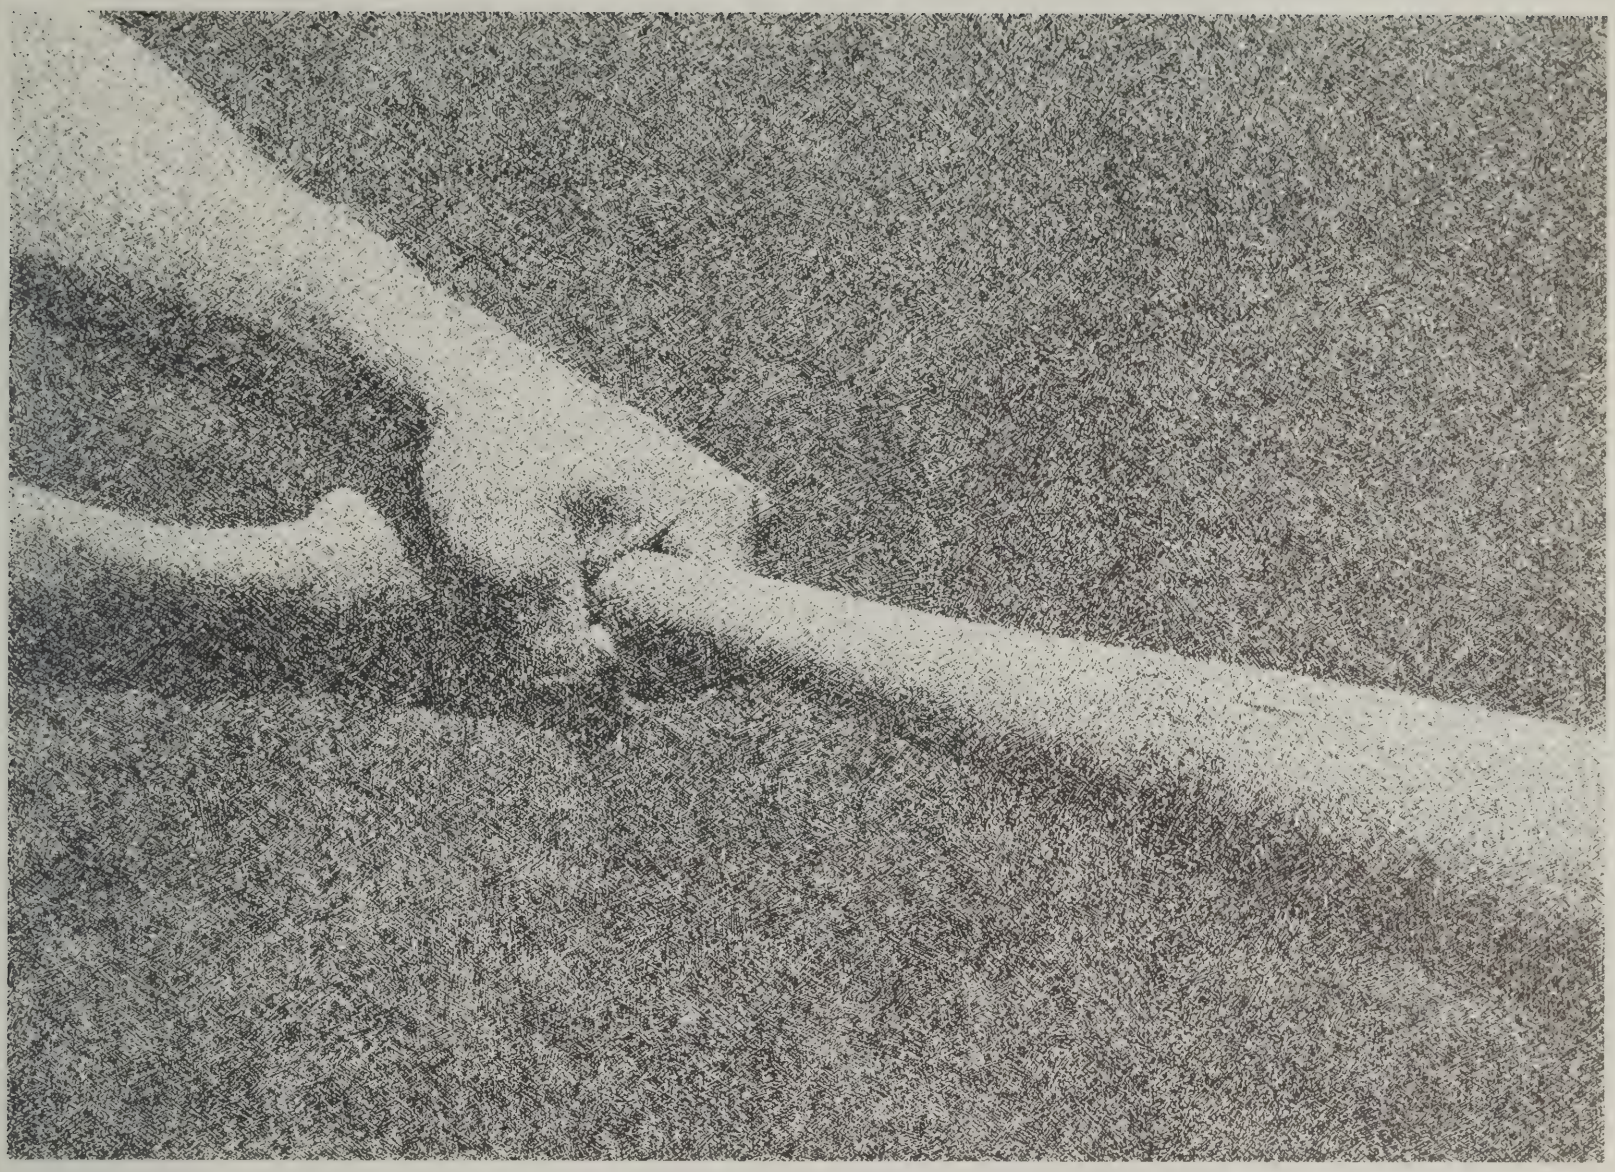
Top: Barry Mullen studies his opponent before attacking. **Bottom left:** Streak relayman Scott Bradshaw easily passes a struggling runner. **Right:** A Wilson Memorial player watches helplessly as Lee Forester shoots.



Spring Sports

Spring sports began on March 24 with the opening of the baseball season. The first game was a 14-7 victory for the Blue Streaks over Ft. Defiance, and the outstanding players for the Streaks were Jeff Stickley and Preston Green.

After an opening loss, the golf team defeated both Lexington and Turner Ashby in a tri-match on April 5. Utilizing the playing skill of Ricky Dean, Robert Frazier, and Matt Hummel, the Streaks defeated Lexington 18-6 and Turner Ashby 12½-11½.

The tennis team started their drive for a third state championship on March 13 with a 8-1 defeat of Turner Ashby and a 7-1 victory over Lane the next day.

Ten days later, the baseball team nipped Turner Ashby 7-6. Behind the efforts of winning pitcher Fred Bosserman and defensive player Ricky Lampe, Turner Ashby, who later won the state championship, suffered their only loss of the season.

In the District Track Meet held on May 1, Mike Grooms set a new school record of 9.9 for the hundred yard dash. Several weeks earlier in the Rotary Relays, Greg Mullen had set a new discus record of 133′6½″. Later in the State Regional Track Meet, Steve Rose set a new two mile record with a timing of 10:27.0 which enabled him to qualify for the State Meet, along with Mike Grooms.

The golf team ended its season with a 13-11 triumph over Turner Ashby. Top performers responsible for the win included Ed Amos and Joe King.

The baseball team ended their season with an 8-5 loss to Wilson Memorial in a special playoff for fourth place. The Streaks had a final record of eight wins and five losses.

On May 14, the tennis team defeated Suffolk 6-3 in the State Semi-finals to qualify for the State Championship. The next day they won their third straight State Championship with an 8-1 victory over Radford. On that day, Jerry Wampler won the State Individual Singles Title 6-1, 6-0.

Opposite, above: Jim Nardi heads for home in a cloud of dust. **Below:** Streak runners make a last effort before crossing the line. **This page, top:** Mike Grooms grimaces as a Lexington opponent speeds to the finish. **Right:** Wayne Baugher concentrates upon a steady pace. **Below:** Champion Jerry Wampler, going for a low serve.

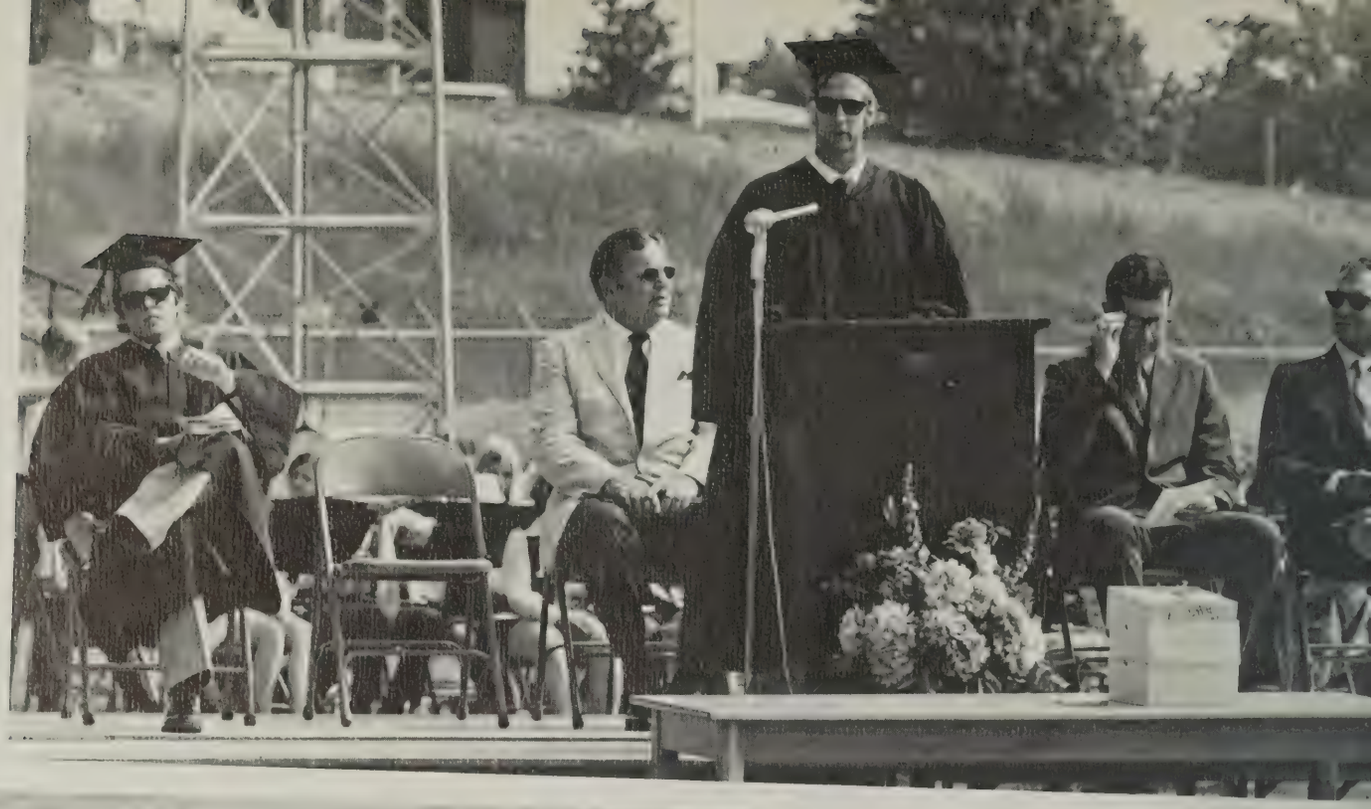
pulled us through.

Graduation 1971: The End of A Long Haul



We
strengthen.
We find
our
own ways
through
our
own minds.

And
when our
individuality
has become
priceless,
we
will recall
the
cost
of
attaining it.
